Section G - Programs and Content Recordings

Intro and Children 0-5

LIBRARY PROGRAMS

Live Program Sessions

A live program session is any planned event which introduces the group attending to library services or which provides information to participants.

Program sessions may cover use of the library, library services, or library tours. Program sessions may also provide cultural, recreational, or educational information. Examples of these types of program sessions include, but are not limited to, film showings, lectures, story hours, literacy programs, citizenship classes, and book discussions.

INCLUDE

- All program sessions that are sponsored or co-sponsored by the library. For a program session to be sponsored or co-sponsored by the library, the library must contribute financial resources or staff time toward the program session. For a program session that is part of a larger community event (such as a farmer's market or festival), it is not necessary for the library to also sponsor or organize the larger event.
- Both on-site and off-site program sessions. For example, include a storytime at a farmer's market or a presentation to a school group about library resources conducted at a school.
- Live-streamed virtual (synchronous) program sessions that are sponsored or co-sponsored by the library.
- Program sessions with attendance of zero or one if they were intended for a group.

EXCLUDE

- Program sessions sponsored by other groups that use library facilities. For example, do not include a homeschooling group hosting a speaker in a meeting room without facilitation from library staff.
- Offsite outreach efforts that do not otherwise meet the definition of a program session. For example, do not include having a library card signup booth at a farmer's market.
- Activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, mentoring activities, etc.
- Passive or self-directed activities that do not occur at a scheduled time. For example, do not report "make and take" bags or coloring pages as a program. Report these self-directed activities on questions G115 to G123
- Recorded presentations of program content. Report these on questions G109 to G114.
- Programming that is shared on the library's website or social media that is not sponsored or co-sponsored by the library. For example, do not include sharing a video from an author's website of him or her reading a book.

Tips for reporting programs and attendance.

- When reporting the number of programs count the total number of events. A story time held once a week for a year is counted as 52, not as one.
- When reporting attendees count total number of attendees regardless of the age. A children's program attended by 10 children and 10 adults is counted as 20, not as 10.
- Live, virtual programs are conducted via a Web conferencing or webinar platform during which a library staff member (or other party sponsored by the library) is presenting to or interacting with an audience in real-time. These are considered programs for survey purposes and should be added into programming counts as indicated below.
- Recordings of program content include video or audio recordings created by a library staff person (or other party sponsored by the library) and posted to a video or audio hosting platform for the audience to view or list to on-demand. Do not include promotional or marketing content. Recordings of program content are counted separately from live programs as indicated below.
- If a program is hybrid (i.e., in-person and virtual) then report it as in-person. Do not double count.
- WhoFi/Non-WhoFi - we prefill and lock data from WhoFi for libraries that use that service. If you did not use the WhoFi service fill out the non-WhoFi questions. The total number of WhoFi and non-WhoFi programs will equal the total number of programs offered in each category.

Content Recordings and Patron Directed Activities

Program Content Recordings

A program content recording is any recording of program content that cannot be viewed live as it unfolds (i.e., on-demand streaming). Only include program presentations posted during the reporting period. Regardless of the number of platforms on which a presentation is posted, count each unique presentation only once. Include program sessions hosted on Facebook Premiere that are not facilitated by a staff member.

The count of views of asynchronous program presentations for a period of THIRTY (30) days after the presentation was posted, even if that period extends beyond the survey reporting period (or fiscal year). For program presentations made available via Facebook, count unique 1-minute views of each video. For those made available via other platforms, count unique views of each video. For recorded program presentations that are recordings of live, virtual program sessions, exclude live attendance; live attendance should have already been counted on lines G18, G29, G55, G78, or G95.

Patron-Directed Activities

Below is a list of activities that are patron directed and sometimes known as passive, self-directed, or indirect programming. All answers are prefilled with 0. If you do not provide a listed service you can leave it as a 0. If you provide a service but are unsure of how many times it was used, answer with an estimate, or N/A. Otherwise provide the number of times each service is used ANNUALLY. Do not count the number of items created, only count the number of times a service is used. Do not include anything provided as a part of a library sponsored, in-person, program. These counts should be accounted for in the programming counts listed above. For example, do not count coloring sheets used as part of a live, in-person, program as an indirect activity.
